CORY® COFFEE BREWING ACCESSORIES

4 ELEMENTS

MODEL CH4 AND CH4T FOUR CLOSED ELEMENTS

Cory's electric range in gleaming stainless steel gives you compact efficiency with 4 regular 535-watt closed elements for brewing coffee or tea, heating beverages or soups. Check your needs. No doubt this 4 element unit will streamline your operations, save you valuable time, and increase your coffee and hot beverage sales. (For 120 Volt operation order as CH4T)

MODEL CH4AW FOUR AUTOMATIC SWITCHLESS WARMERS

This warmer with 4 automatically controlled elements will keep your coffee at perfect serving temperature all the time. Place decanter on the warmer, it automatically goes on. Winking light signals when coffee is at ideal temperature. Remove decanter and warmer turns off. Electricity used only when needed.

Equipped with 3-wire cord and grounded plug.

MODEL CH4SW COMBINATION, 1 CLOSED ELEMENT AND 3 WARMERS

Designed to save you time, effort, and money. One regular 535-watt closed element for brewing coffee or tea, and 3 automatic switchless warmers for keeping beverages and soups hot. Spot several of these units around your serving areas, and watch coffee and hot beverage sales increase.

Equipped with 3-wire cord and grounded plug.
